Online community network groups and learning workshops provide parents and carers with an understanding of a particular topic around neurodevelopmental conditions. We provide strategies to support children and young people at home and in school, with an opportunity to interact with our team via the chat and Q&A function. If you are using a phone, you will need to download the Zoom app beforehand.

Please be mindful of your data usage. If you do not have an unlimited data plan, you may need to connect to a Wi-Fi connection to prevent charges.

Professionals Neurodevelopmental Conditions Awareness Raising Training

Designed to improve professionals' understanding of neurodevelopmental conditions (NDCs), how they may present and how one condition may overlap with another. Professionals attending this training will develop knowledge, skills and confidence to better support neurodiverse children, young people and their families:

- **Understand the differences between and the typical behaviours of ADHD, Autism, and other NDCs**
- **Recognise the impact that unsupported and unmanaged NDCs can have on an individual and their family**
- **Understand the impact that sensory processing difficulties can have on children and young people**
- **Identify local support available for professionals, children, young people and their families.**

Tuesday 6th May – 9.15am – 4pm – Wirral – venue to be confirmed.

If you are interested in this full day's training, please call the office on 0151 486 1788 or email info@advancedsolutions.co.uk.
